

**INDIAN TERRITORY**

The ancestral spirit of Nevada's American Indian tribes knows no bounds, so it's not surprising that their homelands can be found throughout the state. Washoe, Paiute, Shoshone, Goshute, and many other tribes of the past and present have left lasting legacies for you to find, from ancient petroglyphs (rock art) at Grimes Point, Hickman Summit, and Valley of Fire State Park to the intricate woven Willow baskets of Bat-So-La-tee, reconstructed Nevada Indian Territory also opens up some of the state's finest outdoor recreation. Anglers can easily find the beauty of Walker and Pyramid lakes, while golfers can enjoy the Las Vegas Fajita Golf Resort's three championship courses – and that's just for starters.

**LAS VEGAS TERRITORY**

If it's new and exciting, chances are it's in and around Las Vegas. The Strip's neon belt of themed resorts begs anyone to shake off the shackles of everyday life, even if only for a weekend. For vintage Vegas fun, there's the downtown Fremont Street Experience, where century-old casinos shine in a hour-long neon light and sound. But it's not all glitz and glam. Outdoor recreation and sightseeing opportunities flourish just beyond the city lights, starting with the man-made beauty and engineering wonder that is Hoover Dam, and Lake Mead, the water-sport epicenter created by it. To the northeast lie the dramatic sandstone formations of Valley of the State Park and Mesquite's Championship golf courses, while to the west, Red Rock Canyon provides 20,000 acres of prime biking, hiking, and climbing terrain. Those who make the short drive to Mount Charleston will be rewarded with cool mountain breezes in the summer and, if you can believe it, snow skiing come winter.

**COWBOY COUNTRY**

If you are in search of western adventure, look no further than Nevada's Cowboy Country. In Winnemucca, Elko, and Lovelock, you still can hear spurs clanking as cowboys. The genuine article, amble down sidewalks. It's also the heart of Nevada's own Basque country, where you can immerse yourself in this authentic European culture, which still thrives in the region. If you aim to escape, Cowby County is your gateway to some of Nevada's most rugged backcountry. Head in any direction off I-80 and you'll be heading home to the stunning splendor of a world-class ski resort. Take an evening drive along the state's well-preserved Pony Express Territory, which showcases our state's well-preserved history. No matter where you go, Nevada Silver Trails offers adventure along every road.

**RENO-TAHOE TERRITORY**

With the solitude and silence of the Black Rock Desert, home to the only temporary airport in the nation during the annual Burning Man event; the unique terrain formations of Pyramid Lake; the bright lights and big action of Reno; and the magnificent alpine scenery and world-class skiing of Lake Tahoe, Reno-Tahoe has a little something for everyone. Adventure junkies and outdoor lovers will find abundant thrills in and on the region's trails, rivers, and peaks, while those seeking a more relaxing experience can be pampered at one of the area's luxurious spa resorts. History buffs can stroll the city's well-preserved Virginia City, home of the Comstock Lode and one of Nevada's best-preserved mining towns; or enjoy an afternoon exploring Carson City's historical museums, including the Carson City Mint, or take a ride on the historic V&T Railroad. Reno also is known for its special events. Many of them have a historical significance, including the annual Burning Man event, the unique terrain formations of Pyramid Lake, the bright lights and big action of Reno, and the magnificent alpine scenery and world-class skiing of Lake Tahoe.

**PONY EXPRESS TERRITORY**

Nevada's Pony Express Territory manages to be both perfectly empty and full at the same time, a fascinating paradox you'll understand by traveling Highway 50 – "The Loneliest Road in America" – and seeing the jaw-dropping outdoor, artistic, and historical points of interest found along the way. Ghost Train rides and unique murals in Ely, outrageous shopping in Austin, an 18th-century opera house in Eureka, and a host of other attractions connect winners like Great Basin National Park's 3,000-year-old bristlecone pines and limestone Lohanian Caves, the beehive-shaped Ward Charcoal Ovens, and the AT-17-warming Sand Mountain you follow the outstretched beauty of Nevada's leg of the legendary Pony Express Trail.

**Dear Aviator,**

The Nevada Department of Transportation (NDOT) is pleased to produce and distribute free of charge the 2013-2014 Nevada Aeronautical Map. The purpose of the map is to provide a safe, fun, and informed flying environment. The map includes all public-use airports as of April 2012.

Many staff hours are invested in the map to ensure its completeness and accuracy. Due to changing airport conditions, NDOT assumes no responsibility for any action taken by a pilot on the basis of information contained in this map. Pilots are reminded that it is their responsibility to check all available sources for current information. This includes FAA Sectional Aeronautical Charts.

You are especially encouraged to visit Nevada and explore new locations and get to know the people who make Nevada a great state. We have many recreational areas and resorts that are easily accessible by plane and a thriving aviation industry with many opportunities for economic development and employment.

NDOT welcomes any suggestions or concerns regarding the information in the map. Please contact us using our general e-mail address, aviation@dot.state.nv.us or telephone, 775-888-7353.

**Clear skies, safe flights, and happy landings,**

**HOWARD W. CANNON AVIATION MUSEUM**

What more fitting place to have an aviation museum than an airport? Such is the case with Howard W. Cannon Aviation Museum, located throughout McCarran International Airport in Las Vegas. Thirty display cases and a video presentation share southern Nevada's commercial and general aviation history with the roughly 36 million travelers who fly in and out of this airport annually.

**NELLIS AIR FORCE BASE**

The Weapons Museum inside Nellis Air Force Base is one of the best-kept tourism secrets in the state and a must-see for anyone interested in air armament. Located in North Las Vegas, the base is also home to the famed United States Air Force Thunderbird Air Demonstration Squadron.
